■ **Important Notice** (as of 1 October 2022)

- From 1 October 2022 onwards, Thai and foreign travelers are **NOT** required to present COVID-19 related documents such as the certificate of vaccination and COVID-19 test result upon arrival in Thailand, as well as no longer be required to register in the Thailand Pass system to enter Thailand nor a quarantine upon arrival. This applies both to those who have been fully vaccinated and not fully vaccinated.

- **Required documents for boarding procedure**

- (1) Passport
- (2) Airline ticket
- (3) Visa (if required) in accordance with the purpose to enter Thailand

- Please note that the Thai Government does not require travelers to present any COVID-19 documents including the certificate of vaccination and COVID-19 test result (neither RT-PCR nor Professional ATK) upon arrival in Thailand; **BUT** some airlines may request a negative PCR test result before boarding. Please check for the latest travel requirements with the airline.

■ **Regulations for travelers who have previously been infected with Covid-19 and would like to enter Thailand (as of 1 October 2022)**

- Travelers who had been infected with COVID-19 and fully recovered with no symptom, such as no fever, will be able to travel to Thailand.

■ **Regulations for international transit/transfer passengers**

- From 1 July 2022, international passengers who will not pass through the immigration procedure to enter Thailand and transfer directly to a third country by transit, are **NOT** required to register for Thailand Pass, **NOT** have to present Certificate of COVID-19 Vaccination or a negative RT-PCR test result; and **NOT** required to present a health insurance (no requirement to show a health insurance certificate with minimum coverage of 10,000 USD).

- Note that the airline may have different requirements. Please check for the latest travel requirements with the airline and the country of your further destination.
